

MEZZALUNA WRAP - Workable "wordy" draft. There is now a condensed version created by JudyOC and I'll get that uploaded as soon as my PC recovers - don't ask. ;-)

Today's date: June 29, 2012. **Important: Row 8 - the stitch count was off by one. Corrected here.** Sorry for any confusion, many thanks to WithofBucks for pointing out the error. (Previous draft was dated May 8, 2012 - modified several times since original 2/12/12.)

.....
This draft may still include written instructions that are being morphed into shorthand. I'm working on those as I can. I'll be adding another border. I injured my hand, so the timeline isn't certain.

Please link your project to the Ravelry Pattern Page: [Mezzaluna Shawl](#), and please take a look at the finished shawls that have been linked to the pattern page. Everyone is really doing a beautiful job.

I recently finished a wrap using a fingering yarn with a 6.0mm hook. That project page is: [Mezzaluna \(Crescent Moon\) Shawl](#). It blocked out a little bit bigger than I expected, but I really like it. I'm currently working on a lace weight shawl from the pattern and that is coming out well.

Do not hesitate to point out any errors you find. This is still a work in progress and you will be helping everyone if you let me know that you found that something is wrong somewhere in this pattern. Feedback is important for us all and won't hurt my feelings. I'd like this pattern to be workable for everyone reading it. Thanks!

Nancy

PLEASE NOTE: This pattern requires some patience because you're counting in almost every row. I found it helpful to count where the increases will be placed and then mark those stitches. That way you don't have to worry about having to count every stitch as you crochet. I've made notes (and stitch counts) for each row and I hope those notes will help. Each row will increase at both the beginning and at the end of the row.

.....
Stitches are American English crochet. Abbreviations used:

* = marks the beginning and end of a repeating sequence of stitches

() = number of times to perform an action.

[] = surrounds pattern or stitch notes.

SK or sk = skip

ST or st = stitch

CH or ch = chain

SC or sc = single crochet

HDC or hdc = half-double crochet

DC or dc = double crochet

TC or tc = triple crochet

V = v-stitch (double crochet, chain one, double crochet in the same stitch as the first double crochet.)

BB or bb = bobble or cluster. Only you know how puffy you want your bobbles to be. Use your own favorite bobble, popcorn, puff stitch or you can try this 3 HDC Cluster: Yarn over, insert hook into the indicated stitch, pull up a loop and bring to the height of your work (3 loops on hook). Repeat twice (you'll have 7 loops on the hook). Yarn over, draw through all loops, chain 1 to secure the stitch.

(COUNT:) = number of stitches in the row. Normally, this will not include chains or chain spaces.

Materials needed:

Approximately 600-900 yards of yarn. You may want to take a look at some of the finished wraps on Ravelry to see what others have made to help determine the yardage and yarn weight that will be best for your wrap. I've used both fingering and lace weight and an appropriate hook with good results.

Foundation: [Chain and Single Crochet to create the foundation row. You can use FSC if you prefer.]

Chain 61. Turn. Working in the back ridge of the chain (this is the back spine on the reverse side, NOT the back loop), SC in the 2nd ridge from the hook, continuing to the end of the chain. Turn.

[Regarding gauge: This is the only place where gauge is going to be important. The foundation should be approximately 9.5 inches in length. If it isn't, move up or down a hook or two to get to that gauge.]

***** DO NOT TURN. *** DO NOT FASTEN OFF. *****

Mark the 8th dc from the hook. Marking the 8th dc from the opposite tip will eliminate having to count all of the stitches.

Slip stitch into the dc at your hook. Work a slip stitch in every dc, chain and bobble, ending with a slip stitch in the first marked dc. (Count: 21 slip stitches from the edge, ending with on in the marked dc.)

BORDER: [This is worked as single crochet and picot stitches.]

With the right side up, with the neck facing you, attach yarn at the right side tip.

WORK THE OUTSIDE CURVE FIRST: SC in each stitch until you reach the other tip.

(Count: 371 SC)

DO NOT TURN.

CH 1.

WORK THE NECKLINE CURVE: Alternate SC and picots until you reach the other tip. I don't see any reason why you shouldn't use your favorite picot and just space them evenly across the shawl. The picture shows a single crochet between each picot.

This is the picot described in the pattern:

Picot: SC in the next stitch. Chain 3, insert your hook into the front loops of the SC that you just made (see pictures) above. There will be 3 loops on your hook. Yarn over, pull through all 3 loops. Make a SC in the next stitch, repeat to until you get to the other end.

EDGINGS - THERE ARE TWO DIFFERENT VERSIONS. One is a clover dangle, the other is lacy.

[I'll add a third of my own, but these are the ones that are original to the pattern.]

EDGING #1 - Clover dangles

[Clover is attached to the border by chains on each side.]

[Read through before beginning - one of the testers made a suggestion, noted below. I added a picture of the clover edging on my project page in case you need a visual.]

With the right side facing, attach yarn at the right side tip.

CH 1, SC in the first sc. * CH 11. Slip stitch in the third chain from the hook to create a loop. CH 3, 2 DC in the loop, CH 3, sc in loop. (3 times), CH 10, SK sc, SC in the next sc, CH 3, SK 1, SC * REPEAT * to * to the end of the row.

[One of the testers made this suggestion: For an easier way to start the clovers, ch 14 (10 ch, + 1 loop, +3 starting ch), dc into 4th ch from hook, dc, ch 3, etc. working into that one ch as your starting loop. Sorry if I'm explaining this badly; it's morning and the tea hasn't hit yet. Basically, instead of making a 3 ch loop, which I find hard as the dickens to work into (YMMV), you're working into a chain, which will expand big enough for ALL the stitches.]

EDGING #2: Scalloped Lace:

Row 1: Ch 3 (mark), ch 1, dc in sc, ch 2, sc in next sc. *Ch 5, sk 4, sc in next sc.* Repeat * to * across the row, ending in the next to the last sc. Ch 2, dc in sc, ch 1, dc in the chain on the tip of the shawl (immediately before the picots start). Turn.

Row 2: Ch 3 (mark), ch 1, bobble in dc, ch 2, sc in dc. *Ch 2, bb in sc, ch 2, sc in the ch 5 space.* Repeat * to * until placing a sc in the last ch 5 space. Ch 2, bb in sc, ch 2, sc in dc, ch 2, bb in marked ch, ch 1, dc in marked ch. Turn

Row 3: Ch 3 (mark), ch 2, sc in bobble. *Ch 5, sc in bb* continue across row. After placing the final sc, ch 2, dc in marked ch. Turn

Row 4: Ch 3 (mark), ch 2, sc in next ch. *Ch 5, sc in ch 5 space.* Repeat * to * until placing sc in the last ch 5 space. Ch 5, sc in 2nd ch, ch 2, dc in marked chain. Turn.

Row 5: Ch 3 (mark), 2 dc in next ch (twice), sc in ch 5 space. Ch 5, sc in ch 5 sp (twice).

8 dc in ch 5 sp, sc in ch 5 sp. Ch 5, sc in ch 5 sp (twice). Repeat * to * to the end of the row. After placing the final sc, 2 dc in next ch (twice), dc in marked chain. Turn.

Row 6: Ch 3 (mark), ch1. Dc in next dc, ch 1 (4 times), dc. Sc in 5 ch sp, ch 5, sc in 5 ch sp. *Dc in next dc, ch1 (7 times), dc in dc. Sc in 5 ch sp, ch 5, sc in 5 ch sp.* Repeat * to * across the row ending with sc in last 5 ch space. Dc in dc, ch 1 (4 times). Dc, ch 1, dc in marked chain. Turn.

Row 7: Ch 3. Bobble in chain, picot, ch 2 (4 times). Bobble in ch, picot, sc in ch 5 space. *BB in ch, picot, ch 2 (6 times), bb in ch, picot, sc in 5 ch sp.* Repeat * to * across the row, ending with a sc in the 5 chain space. Bobble in chain, picot, ch 2 (4 times). BB in ch, picot, dc in marked chain.
