

Poncho with a Pocket on the Front

Poncho made with the Moss Stitch

Poncho made with the Moss Stitch with a pocket on the front..

You can make this Poncho in the moss stitch...

Pattern of the Poncho:

Chain 80,close the chains with a slip stitch,
1row SC, increase on every 20th stitch*1 SC,1 chain,1SC*
keep increasing in every row in this stitch,use markers..

Moss stitch= 1 SC, 1 Chain, just crochet in the round until
it is long enough for your size

The pocket on the front:

Crochet a square in the moss stitch and attach it
on the sides and in the middle
on the height that suites your own size...

The last row for the pocket and the poncho are made
in the bobble stitch

that's all there is to make the Poncho..
Good luck..!

***use a bigger hook then that is recommended,
otherwise the stitches are going to be too tight..***
